

Sample Application

Part One

Part One of the application must be submitted and approved before any installation work begins.

Systems that are interconnected before the submission and approval of Part One will be automatically disqualified from the program.

Contractor Details

Please select your Solar Contractor **REQUIRED**

-- specify one --

- I authorize that the funds should be disbursed to this contractor
- I authorize the contractor to view and edit certain technical and cost details of this application.

By selecting this box you're allowing the contractor selected above to have access to parts of your loan application. This includes the following information: project details, cost details, loan amounts, and non-personal uploads (proposal and project completion documents.) Your contractor will not have access to any customer-sensitive information entered into the application. Please note, there are details following Step 1 that the customer must complete. You will have to coordinate with your contractor to complete your loan application.

Step 3

continued

Information is pre-filled based on Orientation Details

Details for Orientation 1

Module Power Rating **REQUIRED**

DC Watts at STC

Number of Modules **REQUIRED**

System Tilt (degrees)

Tilt of second array, typically 0-90 degrees

System Azimuth (degrees) **REQUIRED**

Where 180 degrees is south-facing

Total Array Output **REQUIRED**

Total Eligible Array Output **REQUIRED**

Inverter Power Rating (AC Watts) **REQUIRED**

Inverter Efficiency **REQUIRED**

Inverter Location **REQUIRED**

System Rated Output (AC Watts) **REQUIRED**

Estimated Annual Production (kWh) **REQUIRED**

Step 4

Effective October 6, 2025, applicants are eligible to request a loan up to 100% of the Total Project Cost, capped at \$50,000.

Supporting Documentation Applicant Attestation

I, John Jones, hereby attest that:

- 1) the information provided on my application is accurate;
- 2) the project costs listed on my application are truthful and provided to me by my contractor;
- 3) the application was created and submitted by me;
- 4) I am the property owner and permanently reside at the property located at ABC Sample Street, Sample, DE, 19808 ;
- 5) I am up to date on my real estate and personal property taxes;
- 6) I authorize InClima to obtain a credit report through a credit report company chosen by InClima;
- 7) I understand and agree that InClima intends to use this credit report for purposes of evaluating my financial readiness to attain a loan;
- 8) I understand that this credit report will be retained on file with InClima and that the information will not be disclosed to anyone other than the Delaware Sustainable Energy Utility without my prior written consent;
- 9) I will advise you of any material changes in my financial condition; and
- 10) I authorize you to provide information on the approval status of my application with the contractor of my choice.

Please type your full name below to indicate that you accept.

Sign **REQUIRED**

Step 5

Quote(s)

Please upload a quote or bid for the project. If you have multiple quotes to upload, please use the Optional Upload fields at the bottom of the page.

Pay Stubs

Please upload as many pay stubs as necessary to verify your last four months of income.

Plot Diagram

A Plot Diagram is a visual representation that shows the proposed layout and placement of the solar panels and associated components in relation to the home.
